## MEASURES TO CONTAIN THE SPREAD OF COVID-19 INFECTIONS

All measures imposed by the government of Republic of Slovenia will apply during the competition. Information on the current measures can be found on these links:

- [Measures to contain the spread of COVID-19 infections](#)
- [Border Crossing](#)
- [Latest information on non-essential travel](#)

### Recent changes:

Government ordinance stipulates that all participants in sport activities must meet the Recovered - Vaccinated – Tested rule (RVT rule\*). From 24<sup>th</sup> December 2021 the validity of a negative PCR and negative rapid antigen test was shortened.

A negative PCR test is valid if provided that no more than **48 hours** have passed since the swab was taken, or a negative rapid antigen test is valid if provided that no more than **24 hours** have passed since the swab was taken.

### Testing plan for participants:

For Athletes and Officials that don't meet the RVT rule, there will be a possibility of testing at the venue. Testing will be performed by rapid antigen tests. Testing is also recommended for those that meet the RVT rule. For non-residents the price of testing will be 7€.

Because of the verification of RVT rule and testing with rapid antigen tests we ask competitors to come on time to the Sports hall.

Testing will possible from 7:00 AM on Saturday and Sunday, on Friday from 2:00 PM.

Verification of the RVT rule will be carried out at the venue entrance.

### General requirements:

1. Surgical mask or a FFP2 mask are mandatory in all closed public spaces, Athletes are allowed to take of the mask while in shooting position.
2. At the shooting range a distance of at least 1,5 metres is to be maintained if possible.
3. Use of hand sanitizers is required when entering closed spaces.
